LECTURES, ETC.

ACLAND, Dr. H. W.:
Lecture on National Health. Delivered at the Royal College of Physicians of London on June 2nd, 1871.
I. The Foundations of National Health. II. How the Foundations are Sapped, 771. — III. How the Foundations are Strengthened, 809

DE MORGAN, Mr. C.:
Address to the Medical Teachers' Association. Delivered Jan. 20th, 1871, 107

ERICHSEN, Mr. J. E.:
Clinical Lecture on Fibro-plastic Tumour of the Axilla. Delivered at University College Hospital, 4
Clinical Lecture on Lithotomy in Recurrent and Multiple Calculus. Delivered at University College Hospital, 389

FERGUSSON, Sir W.:
The Hunterian Oration for 1871. Delivered at the Royal College of Surgeons of England on Feb. 14th, 231

GANT, Mr. F. J.:
Lettsomian Lectures on Excisional Surgery of the Joints for Disease. Delivered before the Medical Society of London.
Lecture I.—The Knee-joint, 638, 736

GULL, Dr. W.:
Presidential Address delivered before the Clinical Society of London, Jan. 27th, 1871, 145

HEATH, Mr. C.:
A Course of Lectures on Diseases of the Breast. Delivered at the Hospital for Women, Soho.
Lecture I.—The Common Diseases of the Breast, 601
Lecture II. — The Simple Tumours of the Breast, 613
Lecture III. — Recurrent and Malignant Tumours of the Breast, 847

HEWITT, Dr. G.:
Address on the Advances in Obstetric Medicine during the last Twelve Years. Delivered at the Obstetrical Society, Jan. 5th, 1871, 37
Clinical Lecture on Digital Examination of the Uterus, 637

LEE, Mr. H.:
Clinical Lecture on Contagion. Delivered at St. George's Hospital, Feb. 21st, 1871, 472

PAGET, Mr. J.:
Notes for a Clinical Lecture on Dissection Poisons, 735, 774

PARKES, Dr. E. A.:
Croonian Lectures on some Points connected with the Elimination of Nitrogen from the Human Body. Delivered before the College of Physicians in March, 1871.
Lecture I., 399
Lecture II., 467
Lecture III., 527

RUTHERFORD, Dr. W.:
Lectures on Experimental Physiology.
Lecture I. (Introductory).—Observation and Experiment; Matter and Energy, 1
Lecture II.—Irritability; Electricity, 75
Lecture III.—Irritability (continued), 183
Lecture IV.—Innervation; the Conduction of Nerve Energy, 295
Lecture V.—Innervation (continued), 437
Lecture VI.—Innervation (continued), 563
Lecture VII.—Innervation (continued), 705

WALSHE, Dr. W. H.:
A Sketch of the Influences exercised by the State of Health, Past and Present, on the Production and Course of Disease, 259, 298

WELLS, Mr. J. S.:
An Abstract of a Course of Lectures on the Internal Diseases of the Eye as seen with the Ophthalmoscope. Delivered at the Royal London Ophthalmic Hospital, Moorfields.
Lectures I. & II.—The Ophthalmoscopic Examination of Healthy Eyes, 331
Lectures III. & IV.—The Ophthalmoscopic Examination of Diseased Eyes, 497
Lectures V. & VI.—Diseases of the Retina, 675

WEST, Mr. J. F.:
Clinical Lecture on Chronic Hygroma of the Bursa Patellæ. Delivered at the Queen's Hospital, Birmingham, 40

Lee, Mr. H., on contagion, 472
Leech, a, in the pharynx, 159
Leeds, the profession in, 31; the Vaccination Act at, 255; on the recent outbreak of relapsing fever in, 644; sanitary condition of, 662
Leeming, Dr. E. T., the Government gratuity to public vaccinators, 635
Left-handedness, 495
Leg, amputation of the, 152
Leicester, sanitary condition of, 499; Provident Dispensary, 518
Leipzig, the physiological laboratory at, 65
Lepra, carbolic acid in, 378
Leprosy, the treatment of, 586; reported cures of, 756
Licensing Bill, the, 487, 834
——— system, the, 513
Lichen marginatus, 447
Liebig's luncheon and dessert biscuits, 653
——— malted extract, 121
Life assurance, statistics of, 758; offices, the medical profession and, 365, 578
Life-like in death, 547
Lincoln, the profession in, 68, 100, 173, 219
Lint, composition of, 205
Lion's tooth drawn, a, 844, 871
Liston, Mr. J. R., a midwifery glove, 673
Lithgow, Mr. R. A., presentation to, 463
Lithotomy, 152; rapid recovery after, 231; cases of, 408, 409; in recurrent and multiple calculus, 389
Lithotrity in a child aged two years, 854
Little, Mr. J. F., Epsom College, 465
———, Mr. L. S., bony anchylosis of the knee-joint treated by subcutaneous section of the bone, 748
Liver, two cases of injuries to the, 10; primary cancer of the, 268
Liverpool, death-rate of, 6; health of, 30; neglect of vaccination in, 131; sewers, ventilation of the, 282, 606, 835; the sanitary inquiry at, 319, 355; epidemics of, 458; Lying-in Hospital, 216
Livingstone, Dr., 125, 241, 632, 653
Local government and sanitary reform, 609
——— Government Bill, the, 460, 671
——— sanitary authorities, 540
Locomotor ataxy, 14
London University, the, 613; alteration in the first M.B. examination, 709; the vacancy in the Senate of, 353, 520, 621, 762; pass-list of, 463; examiners at, 571; matriculation at, 788; the new building of, 635
Longet, Dr. F. A., death of, 363; obituary notice of, 764
Longmore, Mr. T., transfixion of the right side of the chest and right lung by a lance, with recovery, 78; classification and tabulation of injuries and surgical operations in time of war, 506
Lord Chief Baron's epigram, the, 73
Lowe, Dr. G. M., the profession in Lincoln, 173
———, Mr. W. T., obituary notice of, 704
Lucas, Mr. R. C., can the dead convey infection? 382
Lunacy and the war, 73; medical certificates in, 587; Regulation (Ireland) Bill, 586
——— Regulation Amendment Act 1871, 858
Lunatic asylum attendants, 464, 697; scheme for pensioning, 291
———, boiling a, 588
Lymph, mode of preserving, 236; supply of, 358
Lymphatics of the lungs, 129
Lympho-sarcoma, 411
Lyons, Mr. R. T., typhus in India, 708, 743

McDonnell, Dr. R., Lectures and Essays on the Science and Practice of Surgery (review), 156
M'Elroy, Dr. Z. C., the physical unities of the human body; dynamical, physiological, pathological, and therapeutical, 608
